## ENVIRONMENTAL POLICY STATEMENT

D&A Decorations Northampton Ltd. recognises the importance of maintaining their operations to ensure the safety of the environment. The company recognises that effective management of our environment makes good business sense and will be a fundamental and integral part of our business strategy.

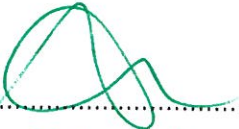

To ensure we achieve these standards procedures will be implemented to include the following:

- Being aware of how our activities impact on the environment and seek to minimise adverse effects by the means of best available techniques, not entailing excessive cost, through a policy of health and safety improvement at the workplace, control of pollution and care for the local environment.
- Complying with our legal responsibilities and playing our part in influencing future legislation
- Conserving the use of resources particularly those which are scarce or non-renewable including the following;
  - a) To avoid waste and encourage conservation, re-use and recycle.
  - b) Preserve, restore and enhance the built and natural heritage
  - c) To encourage the sustainable use of land based resources.
  - d) To reduce air, land and water pollution.
- Being sensitive to the environmental concerns of our neighbours and the communities through which we operate
- Adopting environmental objectives to continually improve our performance and monitor progress in achieving them
- Requiring our suppliers and contractors to have proper regard for our environmental policies for the goods and services they provide.
- Communicating this policy to our staff, suppliers and customers and seeking their help to implement it.

This policy will be reviewed annually.
